RESPONSE TO RESTRICTION REQUIREMENT

Commissioner for Patents
P.O. Box 1450
Alexandria, Virginia 22313-1450

Dear Sir:

In response to the Office Action dated August 27, 2003, in which the Examiner applied a restriction requirement to elect a single species of emulsifiers or mixture of emulsifiers in Claims 1-45. Applicants elect to prosecute a poly(ethoxylated and/or propoxylated) alcohol with traverse.

The Examiner is requested to note that MPEP 809.02 provides that "when a generic claim is subsequently held to be allowable . . . and all claims are embraced by an allowable generic claim . . . Applicant should be advised of the allowable generic claim and that the claims to the non-elected species are no longer withdrawn since they are fully embraced by the allowed generic claim." Thus, the election to a single species of emulsifiers is with traverse to the extent that it is understood that (a) the requirement will be withdrawn upon the finding of an allowable

genus; and (b) any species withdrawn from consideration will be transferred to the elected subject matter unless it is found patentably distinct from the elected or allowed claims.

If a telephonic interview with the Applicants' undersigned representative would be helpful in resolving any questions, the Examiner is invited to contact the undersigned at (651) 733-2180.

Respectfully submitted,

A handwritten signature in black ink that reads "Nancy M. Lambert". The signature is written in a cursive style with a long horizontal stroke at the end.
